Best of Indian Vegetarian Recipes SECOND EDITION is now available for purchase You have seen all the videos and followed all of Manjula's time-tested recipes on the site. Now you can get the best of Manjula's Delicious Recipes, all in a book. This beautiful second edition of the eBook is now available in PDF format with updated recipes, full-color images and built-in links to associated videos. I have some exciting news for all of you. Because of your requests that I make a collection of some of my recipes in an easy-to-reference book, I am pleased to tell you that I have published my first book, Manjula's Kitchen: Best of Indian Vegetarian! It's available on Amazon right now! Here's a quick link to buy it: [So why did I do this book? Well the answer is simple: for you viewers. You've all inspired me in so many ways that I can't thank you enough! Of course, my husband Alex has been my foremost supporter and has worked hard to get this book published. My book is a great reference for all your cooking needs - both for the beginning and experienced chefs. So go to Amazon and check out my new book! This document defines the scope of privacy and degree of confidentiality that protects the information that the user enters during account registration on the website/application and normal use of the services, applications and facilities of \[www.21frames.in\]\(#\). The User may at any time, in its sole discretion, allow or prohibit the collection and use of his/her personal information at any time. By using this website/application, the User consents to the Company to collect, use and disclose the user's personal data in accordance with the rules and provisions of this agreement.](#)[www.21frames.in](#) is owned and operated by Ventuno Technologies Private Limited (hereinafter the Company) and the Company hereby expresses and hereby accepts its responsibility to protect the user's private information. This document contains the rules on which such information is collected and applied. These rules apply to all personal and non-personal information collected on and/or by the Company. PERSONAL DATA: The Company requires users who register to use its services (Services) offered on the website/application to provide contact information, such as name, company name, address, phone number and email address, and eligibility and billing information (if necessary), such as billing name and address, and number of users in the organization to use the Services. At the time you express interest in obtaining additional information, or when you sign up for the Service, we may also request additional personal information, such as title, department name, fax number, or additional information, such as annual revenue, number of employees or industry. Users can update their personal information at any time by logging into the website/application and editing personal information in the setup. Layout. can see the updated profile to confirm that the changes have been made. . NON-PERSONAL INFORMATION: a. The Company also collects non-personal information from you, such as your browser type, the URL of the previous platform you visited, your Internet service provider, operating system and IP address, browser type, browser language, referring URL features available, incorrectly generated, time zone, geolocation data, operating system information, and other such information transmitted in the header of the user's HTTP request (Non-Personal Information). Non-personal information cannot be easily used to personally identify the user. B. Cookies are very small text files that are stored on your computer when you visit some websites. We use cookies to identify your computer so that we can tailor your user experience, management of the registration process and user management, general administration, including login and usage tracking, managing newsletters or email subscription/ surveys, shopping and payment facilities. In some special cases, we also use cookies provided by trusted third parties for Analytics, advertising, social media, you can disable cookies already stored on your computer, but these may stop our platform from working properly. C. In general, you can visit yourself [www.21frames.in](#) to tell us who you are or reveal some information about yourself. However, our web servers automatically collect domain name/IP address of visitors. This information is used to measure the number of visits, average time spent on the website, pages displayed and similar information used to measure our services, evaluate performance and improve our content/services. D. Most of the cookies we use are so-called session cookies, which are automatically deleted by your browser after you visit our website. Session cookies provide us with information about visitors' behavior on our website, which we analyze. With the knowledge gained, we will make our site more user-friendly, place important content on the most popular pages and develop our marketing strategies according to the interests of our target audience. Other cookies are longer stored on your device and allow us to recognize you as a user during a subsequent visit to our website. We do not provide further information that we receive through our cookies to third parties. By using Incognito or Private Mode in your browser, or by adjusting your browser settings, you can prevent the installation of cookies. As a result, some of the facilitation of running our website will no longer work. E. Our legal basis for the use of cookies is Art. 6 (1) b) GDPR and Art. 6 (1) f) GDPR. Our legitimate interest is to optimize our product, increase improve our customer service and improve our internal process efficiency. USER INFORMATION: The company uses the information it collects to set up services for users. Users' email addresses and any customer information will not be distributed or shared with third parties except to the extent necessary to provide the user with a requested service, or in the circumstances required by law. The Company will disclose the user's personal data when we believe in good faith that the applicable law, regulation or legal process requires it, or where the Company believes disclosure is necessary to protect or enforce its rights or the rights of another user. We also provide aggregated user statistics to describe our services and reach potential partners, advertisers, and other third parties. However, aggregated data cannot be tracked specifically to the user. The company can use contractors to help us with our business. Some or all of these contractors can access our databases of user information. These contractors will enter into an agreement with the company that sets restrictive provisions regarding the use and disclosure of all information they obtain through the relationship. The company may share personal data with global partners for the purpose of providing users with high-quality localized service. The Company may use non-personal information to track the use of the Website/Application and for other internal purposes, such as providing, maintaining, evaluating and improving the Services and the Website/Application. THIRD-PARTY LINKS: [www.21frames.in](#) contains links to other website/application. The Company is not responsible for the privacy practices or content of this other website/application. Users and visitors must check the statement of the other's website/application to understand their policies. Users and visitors who have access to an associated website/application can provide their private information. It is your responsibility to keep such information private and safe. OPT-OUT POLICY: a. We will give you access to your personal data stored by us at any time. If you wish, you will receive it in a structured, plain and machine-readable format. We will be happy to correct, edit, restrict or delete your personal data at your request, provided that no statutory storage requirements conflict, or forward it to another responsible office. If your personal data stored with us has been mis processed, outdated or illegal, you may restrict our processing. Finally, you may change or revoke your consent to the processing of your personal information at any time with future effect. To contact us for any of these concerns, please email us [support@ventunotech.com](#). Our legal basis for disclosure, correction, deletion, restriction of processing and data transfer is the respective request of the data subject. B. Users may choose at any time not to be contacted by the Company, or receive information from the Company, by sending an email to [support@ventunotech.com](#). The website/application offers its visitors users a means of choosing how it can use information If the user, at any time after you have registered for information or booking services, changes their mind about receiving information from [www.21frames.in](#) or about sharing your information with third parties, send us a request specifying your new choice. Just send the request to [support@ventunotech.com](#). C. You have the right to complain about the improper processing of your personal data (such as collection, storage, modification, transfer, deletion, etc.) by sending us an email on [support@ventunotech.com](#). INTERNATIONAL DATA TRANSFER: We may transfer information that we collect about you, including personal data, to affiliated entities, or to other third parties (as set forth herein) across borders and from your country or jurisdiction to other countries or jurisdictions around the world. If you are located in the European Union or other regions with laws governing data collection and use that may differ from the law of other countries, please note that you transfer information, including personal data, to a country and jurisdiction that does not have the same data protection laws as your jurisdiction, and you agree to the transfer of information to India and the use and disclosure of information about you, including personal information, as described in this Privacy Policy. PERSONAL INFORMATION AND INFORMATION: We work hard to protect our users from unauthorized access or unauthorized alteration, disclosure or destruction of information we have. In particular: a. We encrypt our services using SSL. B. We review our information collection, storage and processing practices, including physical security measures, to protect against unauthorized access to systems. C. We restrict access to personal data of employees, contractors and agents who need to know this information to process it for us and who are subject to strict contractual confidentiality obligations and may be disciplined or terminated if they do not meet these obligations. COMPLIANCE AND COOPERATION WITH REGULATORY AUTHORITIES: We regularly review our compliance with our Privacy Policy. When we receive formal written complaints, we will contact the person who submitted the complaint to follow up. We work with the relevant supervisory authorities, including local data protection authorities, to resolve any complaints regarding the transfer of personal data that we cannot resolve directly with our users. RETENTION, DELETION OR BLOCKING DATA: We comply with the principles of purpose limitation and data minimisation. Therefore, we only store your personal data for as long as necessary to obtain the purposes mentioned herein, or as long as the many retention periods required by law. After

termination of the respective purpose or expiration of these deadlines, the corresponding data will be blocked or deleted in accordance with the provisions of the law. Our legal basis for deletion or of personal data is Art. 5 (1) b) GDPR and Art. 5 (1) c) GDPR forums and interactive interactive There may be interactive services in the website/application, such as blogs, chat rooms, forums, instant messaging etc., and other service member zones that allow them to post their data, details, materials, comments or other similar communications. Using such services, the user should realize that they are open to broad access and review, and any personal information that he/she published or provided during registration may be visible by third parties. The Company is not responsible for the security of the user's information sent by the user to third parties or provided during the use of such services. Material that will be placed by the user in such areas of the website/ application will be stored in systems of the company indefinitely, if otherwise not directly documented in each individual case. MINOR USERS: The Company does not intend to and will not intentionally collect, collect or request personal data from persons under the age of 18 without the permission of parents or guardians. If the user is a minor, he/she shall not disclose his/her personal data or use the website/application in any way before obtaining parental or guardian consent. 12. CHANGES TO THIS POLICY: The Company reserves the right to change the Privacy Policy at any time without notice. In the event of a significant change in confidentiality rules and guidelines for the use of the user's personal data, the Company shall publish the changes on the website/application. The user is advised to refer to the text on this page during each visit to the website/application. Last Updated: 11/11/2017
